	8 Contract Manageme			
			Yes	No
1.	Has the role of Contract Manager	in reference to the primary solicitation. been assigned and has the Contract Manager reviewed and cope, activities, tasks and deliverables of the contract? this has not been accomplished:	⊠	
2.	2. Does the assigned Contract Manager understand the processes for post a ward contract activities, including contract a mendments, contract work authorizations, terms and conditions, and contract escalation/resolution? If "No," briefly explain below why this has not been accomplished:			
3.				
4.	4. Does the Contract Manager understand the Agency/state entity and federal processes, policy, and applicable procedures? If "No," briefly explain below why this has not been accomplished:		\boxtimes	
5.	Does the Contract Manager have a plan to collect and assess contractor and project performance information on a regular basis (e.g., establish meetings with Project Managers, communication techniques)? If "No," briefly explain below why this has not been accomplished:			
4.	9 Organizational Read	iness		
			Yes	No
1.	repeatable and scalable testing m integration, security, performance If "No," briefly describe below the	rently have a mature release management process with a ethodology that supports all stages of testing (system, e, interfaces, regression, user acceptance, and accessibility)? e release management process that will be used to manage, ware build through the different phases and environments, oftware releases:		
2.	by the project? If "No," briefly explain below how	runderstanding of the lines of business that will be impacted with e Agency/state entity plans to educate the project team to understanding of the goals that the project intends to a chieve:		
3.	organizational change manageme and Organizational Change Mana	e processes and methodologies in place to support ent (OCM) activities identified in Stage 1, Section 1.12.4 Training gement? w the Agency/state entity will perform OCM activities for this	\boxtimes	
4.	Does the Agency/state entity have improvement or business process	e dedicated resources assigned to business process reengineering activities?	\boxtimes	

If "No," briefly explain below how the Agency/state entity will perform business process improvement or business process reengineering activities for this proposal: 4.9.1 Project Organization Chart **Attachment**: Include the project organization charts as an attachment to your email submission. 4.10 Project Readiness 1. Select the system development methodology you plan to use to design and develop the new system: ☐ Agile/Iterative ☐ Waterfall ○ Other If "Other," specify the methodology and provide a brief description below: The system development methodology is Iterative Waterfall. In Iterative Waterfall, each release is broken down into several iterations. Each iteration has its own analysis, development, and testing phase. After the testing phases are completed for all iterations, functionality in each iteration is bundled into a single release package. Describe below the Agency/state entity's past project experience using the system development methodology identified. If this methodology has never been used before, describe the training and staff development that will be provided to prepare staff to leverage this methodology. FTB started using the Iterative Waterfall methodology during the EDR Project and continues to use it to maintain EDR functionality. FTB has been using the Iterative Waterfall for about 10 years. No Yes N/A \boxtimes Has the Agency/state entity received approval of the Evaluation and Selection Report? 3. Has the Agency/state entity engaged the Office of Technology Services (OTech) for capacity planning and the development of the solution delivery timeline? \boxtimes If "No" and data center capacity planning and alignment services are needed and the Agency/state entity has not engaged OTech, explain below: 4. Have resource commitments been obtained for all staff resources identified in Stage 3, Section 3.19 Staffing Allocation? \boxtimes If "No," explain below why commitments have not been obtained and the plan to mitigate this risk: 5. Does the project staffing plan ensure sufficient staff resources are available to perform project activities while also supporting maintenance and ongoing operations for other Agency/state \boxtimes entity initiatives? If "No," explain below how sufficient resource levels will be maintained for all project activities: 6. Have all identified project leads received formal project management training? X If "No," explain below how the Agency/state entity will educate the project team leads on project management basics: 7. If California Department of Technology oversight services are required, has a Service Request \boxtimes (SR) for oversight services been submitted? If "Yes," provide the SR number below; if "No," provide a brief explanation below: SR #2249386 8. Has the project begun procurement activities for Independent Verification and Validation (IV&V) \boxtimes services per the State Administrative Manual Section 4940.3? If "Yes," indicate the planned start date for IV&V services below: 6/1/2021 If "No" or "N/A," provide a brief explanation below: 4.11 Requirements Baseline Yes No

If "Yes," specify the areas of business process improvement needed below:
